

Hi Lauren, This is email number #2.

Hello Laura,

One of the most [awe-inspiring parts of Girl Scout camp](#) is watching **shy girls transform into confident go-getters**. So often, the reserved camper at the start of camp becomes the camper fearlessly performing a silly skit in front of new friends at the end of the week.

Camp is crucial in giving girls the tools to be go-getters. In a recent survey, **three-quarters of girls said that Girl Scouts gave them the chance to build their skills or try new outdoor activities**, and we know that girls who participate in outdoor activities are stronger challenge seekers and problem solvers.

This summer, [your gift can make a difference in the lives of girls](#). By donating, you'll support the next generation of go-getters and keep camp accessible to **every girl** in western Washington.

[Make your gift today](#) so every girl has the chance to be bold this summer, whether she's learning to build a camp fire, navigating with a map and compass for the first time, or becoming a skilled horseback rider. [YOU can help get her there!](#)

With Appreciation,

Megan Ferland
Chief Executive Officer

PS. More girls are flocking to Girl Scout Camps this summer and [we need your help to send them there!](#)
